

# BILT ACADEMY

April 22nd 2025  
The Hague University  
of Applied Sciences,  
Netherlands

# SPONSOR PACKAGE

INTERNATIONAL STUDENT SUMMIT  
FOR THE BUILT ENVIRONMENT

**BIM we can believe in.**

# Accelerating the collaboration between students and the building industry

BILT Academy strives to unite the building industry by sharing knowledge with future AECO/FM experts, including through an annual one-day summit. Our main goal is to achieve a trusted global platform of students, industry bodies, lecturers, experts, futurists and technologists alike. Pay it forward! Become part of the journey that our emerging building industry faces as we join forces to partake in shaping the next generation. BILT Academy takes pride in being part of the Digital Built Environment Institute (DBEI).

**Everyone can contribute!**

# Summary

BILT Academy is an international network of students that recognises the necessity of improving working methods to shape the built environment. We want to push the industry towards a more sustainable and eco-friendly future. Adopting new technologies and methodologies are key to success in our opinion. Sharing knowledge, exploring new processes and engaging on an international collaboration platform is beneficial to the entire building industry.

**Your contribution will benefit directly towards the BILT Academy Summit 2025.**

## What is your benefit?

By providing the next generation of the building industry with a broad spectrum of knowledge over technology, workflows and project management insights, we improve not only the labor market, we also create a unique exposure for you as a sponsor to extend your client base to the experts of the next decade.

# Shaping the future experts of the building industry.

## Vision

What do we strive for?

BILT Academy is striving to shape the future experts of the building industry. We are promoting a sustainable built environment within a healthy global ecosystem. We believe that it is past time to improve our way of thinking, living and creating physical assets. It is our ambition to create new and innovative methods for future decision-making processes. We aim to create a common language, that enables the industry to collaborate more efficiently and in particular – or especially - together.

How do we want to do it?

Seeking to improve the state of resources, data, technology by:

- Sharing knowledge
- Transparency within the disciplines
- Educational platforms

## Mission

What do we do today?

What makes us different?

We are building a link between academics, students, and industry, through improved communications and knowledge sharing. We work to support upcoming building industry experts, and the industry itself, by providing students with exposure to the latest design and construction techniques, processes, case studies and mentors. Our expert mentors support, guide and encourage the academy members as they learn and grow. This provides the industry with a unique opportunity to shape the technology-readiness of the future workforce, to the benefit of all participants.

# Sponsor Packages

## Academy Lead Partner

€4.500,-

As Academy Lead Partner, you will be profiled as exclusive Academy Lead Partner for BILT Academy Summit. This package includes: Keynote Summit presentation, year-round hyperlinked brand exposure as Academy Lead Partner, dedicated post on our European DBEI blog outlining company overview and vision in supporting BILT Academy, full onsite event branding selection of up to 20 complimentary student attendees

## Engagement Partner

€3.000,-

As Engagement Partner, you will be an exclusive sponsor for the pre-academy networking function, deliver a 10-minute address to Academy during network function. Including year-round hyperlinked brand exposure as Engagement partner, dedicated post on our European DBEI blog outlining a short company overview and vision in supporting BILT Academy, full onsite event branding, selection of 5 complimentary student attendees.

## Fuelling the Future Partner

€3.000,-

Fuel industry future leaders as the event food and beverage partner. You will be the exclusive sponsor for event catering during BILT Academy Summit. This package includes, a 10-minute address to Academy during the lunch function and brand acknowledgement as sponsor of morning and afternoon breaks. Year-round hyperlinked brand exposure as Academy Partner, dedicated post on our European DBEI blog outlining a short company overview and vision in supporting BILT Academy, full onsite event branding, selection of 5 complimentary student attendees.

## Student Sponsorship Investment

€250,-

Give back to the community by becoming a Student Sponsor for BILT Academy; you will be sponsoring a student (of your choice). Students are forever broke thanks to demanding education prices and the lack of time to earn a wage - by sponsoring this package you will not only be helping to support the BILT Academy itself but also providing a student with a 2-day education and event accommodation, flights within the EU and some pocket money to spare. Including year-round hyperlinked brand exposure as Student Sponsor, dedicated announcement on our European DBEI blog outlining a short company overview and vision supporting BILT Academy and full onsite event branding.

## General Sponsorship Investment

€250,-

Get involved! BILT Academy is solely an education-oriented hub seeking active participation from sources who are willing to donate to our cause. As a general sponsor you will enjoy brand exposure year-round on our website as Academy General Partner, including full onsite event branding.

## **BILT Academy Summit Podcast Sponsor**

€250,-

The idea of venturing into podcasts as a tool to provide free education, derived out of the pandemic years. The go-to platform to ask simple questions - answered by selected experts explaining in detail the topics and questions raised.

BILT Academy Podcast with 6000+ downloads worldwide offers our partners the opportunity to create, edit and upload its own BILT Academy Podcast episodes before, during and after the event, reaching building industry enthusiasts over a range of 40+ podcast platforms to no additional fees.

The BILT Academy podcast platform is a great opportunity to reach out to the international building industry, to promote tools and workflows and includes the possibility to create very own show notes accompanying the Podcast Episodes created.
